

From the
Clinical Service Director

21 September 2020

Change of methodology of immunology test

From 23 September, all Intrinsic Factor Antibody (IFA) tests will be transferred to a new testing platform and performed by an enzyme immunoassay.

The new methodology will result in a change in reference range, provided below:

	Current Method	New Method
Test	Reference Range	Reference Range
Intrinsic Factor Antibody	≤ 30 IU/mL	<20 IU/mL

If you have any questions, please contact:

Tony Nikoloutsopoulos, Directorate Manager Immunology on 0416 040 558 or

Dr Tatjana Banovic, Clinical Director Immunology on 0411 389 840.

Regards,

Dr Tom Dodd
